Southeast Asia Resource Action Center

In 2004, SEARAC celebrated its 25th year advancing the issues of Americans with heritage in Cambodia, Laos, and Vietnam. 2005 marks the 25th Anniversary of the Refugee Act and the 30th year of Southeast Asian refugee resettlement to the United States. In this time, we have come a long way, hitting many milestones. On Saturday, September 17, 2005, SEARAC will stage a benefit dinner in Washington, DC titled "Beyond Refugees: From Flight to Setting Roots" to commemorate these milestones. Invited speakers include original sponsors of the Refugee Act, and Southeast Asian American community leaders.
